

COAL MINES AND ROADS MAY YET BE TAKEN OVER

Official Opinion Favors Giving Harding Authority

(By The Associated Press.)
WASHINGTON, Aug. 29.—Smouldering official opinion in favor of a presidential authorization to take over railroads and coal mines not operated at their highest efficiency was revived in congress today when it was made known at the white house that President Harding held that such a grant of power was desirable although without any idea of using the authority except in a case of direct public necessity. One immediate result of the renewed discussion of government operation was the prospect that the house might be called upon at short notice to put itself on record in the matter.

Representative Johnson, Republican of South Dakota, announced his intention to offer tomorrow an amendment to the administration coal control bill, which would give the president the authority he was said to desire. Several other members indicated that they also would submit amendments with the same purpose in view. Congressional leaders generally predicted no such legislation would be passed for the present.

As explained at the white house the president's attitude is that the administration's hold on the situation would be measurably strengthened if it had as a foundation the potential power to take over a single railroad, or a system of carriers, a single mine or a series of mining properties which had been shown clearly to have failed to give the public full service. There was no hint as to the manner in which such properties would be administered when and if taken over, white house spokesmen emphasized that Mr. Harding foresaw no prospect that such power would have to be used on the basis of the present situation.

Mr. Harding, it was declared believed today that the bituminous coal industry was working out its own problem under the impetus of the practical settlement reached at Cleveland and held further that the anthracite strike would be settled shortly on a basis which would permit the hard coal mines to return rapidly to production.

Railroads Only Tangle Left
Should this forecast be borne out by developments it was said at the white house the railroad tangle would be left as the only industrial knot of first importance and in this connection the administration policy as outlined today was said to be constructed on a strict enforcement of existing laws which guarantee safety of life and property and maintenance of necessary public service. A less optimistic view of the fuel situation was taken by Chairman Cummins of the senate interstate commerce commission in his report on the coal bill.

"The present situation is an exceedingly grave one," the report declared, adding that unless the railroads succeeded in measurably increasing their facilities for handling coal, the situation would be the same as the bituminous strike was still in progress. Some operators and many dealers, the report continued, are taking advantage of the shortage of fuel and congress was faced with the necessity of either approving legislation such as that being reported or of permitting the public to be "plundered."

The senate committee approved an amendment to the bill which would limit the authority of the controlling commission to one year. The house interstate commerce committee in reporting the Winstrol bill for federal coal control announced that the proposal for a federal fuel agency had been definitely abandoned and that the president is in accord with this conclusion.

ALBERT MILLS HURT IN JUMPING FROM TRAIN
While returning from this city to his home in Waverly Monday evening Albert Mills tore the ligaments of his shoulders loose when jumping from the train. He was taken to the home of his father, Ezra Mills where he received medical attention from Dr. Crum of Waverly. The young man who is twenty years of age, had been to this city looking for employment and having found it was returning home for his belongings. The injuries are not regarded as serious but are painful.

RETURNS FROM EXTENDED VISITS IN THE EAST
Mrs. Homer Cully of 806 West College avenue, returned yesterday from a five weeks stay in the east. While away she visited two of her daughters: Mrs. Frank Knoke in Washington, D. C. and Mrs. Charles Yant in New York. Besides visiting New York and Washington, Mrs. Cully saw Atlantic City and Ocean Grove. On her way home she called on Miss Effie Dean in Chicago.

RESCUE CREWS ARE WORKING HARD TO GET TO 47 MINERS

Working Six Hour Shifts Trying to Reach Imprisoned Men

(By The Associated Press.)
JACKSON, Calif., Aug. 29.—Rescue crews working six hour shifts and putting every iota of energy that they can command into their work, are clearing out tonight a cave-in in the tunnel leading from the Kennedy to the Argonaut mine in the hope of rescuing 47 miners trapped by a fire in the main Argonaut shaft. It is expected that the work will take two more days at least, but according to state and government experts on the scene it appears to hold out the only hope for the imprisoned men.

The rescuers have figured that the tunnel will come below the lowest fire level in the Argonaut. Tests for gases are being made as they dig their way along, to protect them from any possible escape of the noxious fumes from the shaft. As each crew goes off the shift it is brought back from near exhaustion by tireless Red Cross workers who have established quarters in the mine blacksmith shop and the headquarters building.

Hope for rescuing the men thru the main shaft was abandoned when it was determined that the fire was gaining, despite efforts to get it under control. The tearing out of considerable timbering at the 2500 foot level did not seem to impede the flames to any great extent according to government experts and the fire was licking its way toward the shaft collar tonight, driving the fighting crews upward inch by inch.

An appliance for detecting any sounds or signals that may be made by the entombed miners, if they are still alive, was to be put into the tunnel. According to an official report everything that is humanely possible to do to effect the rescue is being done.

START PROBE OF WOMAN'S DEATH

(By The Associated Press.)
MINEOLA, N. Y., Aug. 29.—A coroner's inquest into the death of Mrs. Katherine Josephine Wainwright, of Springfield, Ill., who died in Nassau Hospital here Saturday from the effects of a poison, was begun today.

Physicians who attended her were the principal witnesses. District Attorney Weeks announced after adjournment that John C. Waite, a New York attorney who is said to have been lunching with Mrs. Wainwright when she first became ill, had asked permission to testify. This permission, the prosecutor said might be granted at the next session of the inquiry which will await completion of the report of the coroner's physician.

Mrs. Wainwright who was the wife of Robert C. Wainwright, a civil engineer at present in South America, was admitted to the hospital last week suffering from what appeared to be a stomach ailment. When evidences of poisoning developed she is said to have declared she had taken a pill given her by her husband. When reminded he had been in South America since last spring Mrs. Wainwright was reported to have said, "another man" had given it to her. She died without having revealed identity.

MAIL SERVICE BY TRUCK OUT OF WHITE HALL

White Hall, Aug. 28.—Mail service by truck was inaugurated out of White Hall today at noon, and the accumulation of mail since last Friday night was started to points on the C. & A. south as far as Delhi and west to Pleasant Hill. This mail has been coming to White Hall via the Burlington line since the tieup on the C. & A. stopped all service on that road last Friday afternoon. This mail truck service requires one truck for the route south, in charge of L. R. Winn and Assistant Postmaster Peters and another truck service goes west along C. & A. territory in charge of Vernon Halbert and Head Clerk Davidson. This action on the part of Postmaster J. E. Wyatt followed rebolt of the following telegram from Mr. Cross, chief of the railway mail division at Chicago:

"Start motor service today to Delhi, via Berdan, Carrollton, Kane and Jerseyville. Also to Pleasant Hill via Drake, Hillview, Pearl and Nebo."

FAIR IS VISITED BY STATE FOOD INSPECTOR
Yesterday the various food and drink concessions at the county fair were visited by S. H. Lawton, an inspector of the division of foods and dairies of the department of Agriculture. His ofund everything in good condition and said that he hoped the concession stands would remain in the same cleanly state.

GREEK TROOPS EVACUATE AFUN
Athens, Greece, Aug. 29.—It has been officially confirmed that the Greek troops have evacuated Afun, Barahissar, a strategic position on the Berlin Bagdad railroad in Asia Minor to the Turkish nationalist troops.

TRANSPORTATION VIOLATIONS TO BE INVESTIGATED

Probe to be Made of Alleged Illegal Stoppage of Service

(By The Associated Press.)
WASHINGTON, Aug. 29.—A decision to institute a special department of justice organization to investigate alleged illegal stoppage of transportation service incident to the rail strike a formal relaxation of some of the interstate commerce commission inspectors' survey of railroad estimates and preparation of official estimates that soft coal production for the week is rising above 8,000,000 tons or 100 percent more than was coming up a month ago, were among elements that emerged today out of the government's actual contact with the industrial situation.

John L. Lewis, president of the United Mine Workers, whose position has been a dominant one in the continuation of the dead-end which has kept the anthracite fields of Pennsylvania tied up arrived in Washington and began a series of conferences shortly afterward. White House expressions indicated confidence that the long delayed settlement would be looked for at once. Attorney General Daugherty announced that a separate investigation organization would be built up immediately in Los Angeles in charge of Hiram C. Todd, United States attorney for Northern New York, who is to resign his post at once to accept this special appointment. It will be Mr. Todd's duty it was said to conduct inquiries into the possible criminality involved in the series of train stoppages and interruptions to interstate commerce in the west.

Likewise the attorney general sent formal instructions to all federal attorneys to follow up any violations of federal court injunctions obtained by railroad to prevent strikers and their sympathizers from molesting operators in shops and yards. There is a very general let down in the matter of inspection of locomotives by carriers which gives cause for concern, the interstate commerce commission reported to the senate today answering a question brought out by the controversy between the strike leaders and railroads over safety conditions since the shopmen's walkout.

SAYS ROADS NOT INSPECTING

The railroads are failing to make all the inspections required by the law the report continued and managements are reporting inability to do so because of the strike, while the commission's own staff of inspectors are merely sufficient in numbers to supervise and test the carriers' inspection system. Notwithstanding, interstate commerce commission inspectors during July inspected 4,082 locomotives finding 2,456 defective and 169 unsafe to operate. Many of the defects noted, it was said were not of importance but 992 engines still in service were "found to have defects in need of prompt attention."

PITTSBURGH PRODUCERS ACCEPT AGREEMENT

(By The Associated Press.)
PITTSBURGH, Pa., Aug. 29.—The Pittsburgh Coal Producers' association accepted the terms of the Cleveland agreement and signed a supplemental agreement with the United Mine Workers' organization to reopen immediately 54 mines employing more than 10,000 men. This action rationally ended the strike of the miners in the bituminous field which began April 1.

AUTO DEALERS HAVE BIG DISPLAY AT FAIR

The Jacksonville Automotive Dealers association is well represented at the Morgan county fair. A large tent was secured by the dealers and in this the newest models of ten or twelve popular makes of cars are displayed. A representative of each of the companies interested is on hand to explain the new and practical points of their individual cars, not of course overlooking the many luxurious appointments.

The tent was crowded during the first day of the fair and it was reported that several sales were made.

Owing to lack of space and the fact the exhibit is being held in a tent no attempt was made at decorations, a pleasing feature of this association's three previous shows.

FISH STARVE IN GOOSE LAKE

Clear, Water, Neb., Aug. 29.—To save them from starvation approximately 12,000 fish are being transferred from Goose Lake to lakes near this place under the supervision of the state game warden's department. Goose Lake is said to be entirely lacking in fish food. The fish are said to be so emaciated that fine meshed seines are required.

Grable Urges The President to Act

(By The Associated Press.)
CHICAGO, Aug. 29.—Declaring the desire of 400,000 maintenance of way employees to obtain "a living wage," thru decision of the railroad labor board now seems absolutely hopeless, E. F. Grable president of the trackmen tonight sent telegrams to President Harding and Chairman Cummins of the senate interstate commerce commission urging that the transportation act be revised at once to make provision for a living wage. Mr. Grable's telegram was sent after the labor board in answer to a request of the United Brotherhood of Maintenance of Way employees and railway shop laborers that the board accept the principle of the living wage and replied that it would not go beyond the transportation act which says that the wages shall be "just and reasonable."

The board in its decision said that if the living wage as defined by the trackmen is found to be just and reasonable, it would be accepted, otherwise it would not.

Mr. Grable, who is asking for

wages based on 48 cents an hour instead of the present scale ranging from 23 to 35 cents, informed the president and Mr. Cummins that he expected to proceed with the case before the board in which more than 100 roads are concerned, altho, "in view of the action of the board, such a procedure seems absolutely hopeless."

Describing the present status of the trackmen's organization before the labor board as a critical situation, Mr. Grable said he was urging action not on the ground of any antagonism to the railroad labor board but in the belief that the public welfare would thereby be best served and with the further conviction that the suggested action by congress will strengthen and make the board the great constructive force for industrial peace which I hope it may be.

Mr. Grable several weeks ago withheld strike action by his organization pending action by the board in hearing petitions for a revision of the wage decision of last July 1, which lopped \$50,000,000 from track men's pay.

MINERS AND OPERATORS ARE STILL CONFERRING

(By Associated Press.)
WASHINGTON, Aug. 30.—The conference between operators and miners' representative involving the tieup in the anthracite field were still in progress at 1 o'clock this (Wednesday) morning.

At that hour the conferences had been in progress for more than five hours and had considered a proposal that the miners return to work under the wage scales effective last April.

President Lewis of the United Mine Workers declared early today to newspaper correspondents that the decision was not now up to us. "This was taken to indicate that the miners had submitted their proposition to the operators or had taken a final position on the settlement proposed under discussion."

A proposal that the strike be settled immediately on the basis of the wage scales in effect last April was advanced thru Senator Pepper of Pennsylvania at one conference of representatives of mine union officials. Some persons participating in the conference expressed belief that the proposal offered hope of ending the long continued suspension in the hard coal fields.

Under the proposal the controversial issue of arbitration as a means of reaching agreement on wages would be set entirely aside and the only important question to be decided would be that of how long the compromise would be effective.

THREATENED STRIKE AT CHAFFEE AVERTED

(By The Associated Press.)
ST. LOUIS, Mo., Aug. 29.—The threatened strike of the members of the "big four" employed by the Frisco railroad at Chaffee, Mo., 150 miles south of this city, was averted this afternoon when an agreement was reached at a conference of railroad officials, spokesmen for the trainmen and officers of the national guard on strike duty here.

After the conference it was announced that the national guardsmen to whose presence the trainmen objected would be withdrawn from the yards, but kept around the round house the shops.

According to Mayor Cordrey of Chaffee the trouble was primarily caused by objections to the conduct of the guardsmen. He declared an agreement was made forbidding the soldiers to enter the town unless they had written permission from the company officers.

Chaffee is a division point on the St. Louis-Memphis route of the Frisco railroad.

WEBSTER AVENUE ASSESSMENT ROLL APPROVED

In the county court Tuesday Judge Samuel approved the assessment roll of the Webster avenue pavement as filed by Felix E. Farrell, appraiser. This assessment roll shows the costs of the pavement will be divided as follows: W. A. Jenkinson, \$1,279.16; J. F. Berry, \$1,279.16; State of Illinois, \$3,338; City of Jacksonville, \$1,000.

ONE KILLED, ANOTHER FATALITY WOUNDED

Chicago, Aug. 29.—One man was shot to death and Edward McAvoy, a police sergeant, was probably fatally wounded tonight by two armed robbers who tried to hold up a party of men just outside the city.

The two robbers escaped after the battle.

ALLEGED TRAIN WRECKERS HELD WITHOUT BAIL

Four Men Charged with Wrecking Train and Killing Two Engineers

(By The Associated Press.)
CHICAGO, Aug. 29.—Four men charged with killing two engineers by the wrecking of a Michigan Central Express train a week ago Sunday were held to the Lake county, Indiana, grand jury without bail today on charges of first degree murder by Municipal Judge Quinn of Gary.

Meanwhile federal agents, officials of Indiana and Illinois and railway investigators continued their inquiry in an effort to clear up all the details of the conspiracy they charge resulted in the pulling of 37 spikes from a rail before the Michigan Central Express and a plot which failed to wreck the Twentieth Century Limited on the New York Central.

Officials of the latter road announced that every mile of its right-of-way was under heavy guard. Paul Glazer an Indiana attorney who appeared as counsel for the men held to the grand jury on the murder charge announced he would ask for habeas corpus writs for the release of all of them declaring they were innocent but had been so abused by the police that they would have admitted anything. The names of those held are, Charles Uselis, Joseph Poparitch, John Petrowski and Albino Alessio, all of whom were said to be striking shopmen.

Poparitch broke down when brought into court and was said to have made a full confession corroborating the admissions alleged to have been made previously by Uselis and Petrowski.

Dwight M. Kinder of Lake county, who will prosecute the cases said he would ask the electric chair for all four defendants.

JOHNSON LEADS IN EARLY RETURNS

(By The Associated Press.)
SAN FRANCISCO, Aug. 29.—Senator Hiram W. Johnson had 7,301 votes early tonight to Charles C. Moore's 6,705 in the Republican senatorial nomination race on the face of incomplete returns from 462 precincts scattered, altho the bulk of the vote was from Los Angeles. There are 6,695 precincts in the state.

State Treasurer, F. W. Richardson took the pole at the outset in the race for Republican nomination for governor, the same precincts giving him 7,471 to Governor Stephens 7,001.

SLATER FIREMEN GO BACK TO WORK

BULLETIN.
SLATER, Mo., Aug. 29.—Chicago & Alton firemen, on strike here since last Friday, will go back to work immediately, William Wright, chairman of the local brotherhood, announced late tonight.

The announcement followed a lengthy conference between A. P. Tins, vice president of the road and a committee representing the firemen. The terms of the agreement were not made public. Wright declaring that firemen had been sworn to secrecy regarding the agreement.

MUSICAL TREAT ENJOYED BY OAK LAWN PATIENTS

Last night a musical entertainment was furnished the patients at Oak Lawn thru the kindness of the Red Cross and numerous individuals. Large's orchestra donated its services for a whole two hours and was much appreciated. Terrence Brennan sang several songs, and a violin solo was rendered by Dudley Hitt. Thru the kindness of several persons the patients were treated to ice cream and cake.

REITERATE THAT FORD INTENDS TO SHUT DOWN PLANT

Emphatic Denial Men are Going to Work for Railroads

(By The Associated Press.)
DETROIT, Mich., Aug. 29.—Reiteration that Henry Ford was not bluffing in his decision to shut down his big automobile plants here on Sept. 16th, as part of a fight against what he terms a holdup on the part of coal brokers, and denial of various reports that causes other than the fuel shortage were responsible for his action were made today at the Detroit manufacturers' office. A report from Detroit that when the 75,000 Ford workers in the Detroit district was released on Sept. 16, Mr. Ford would advise them to take employment with the railroads in an effort to break the rail strike, was denied emphatically. The statement was termed ridiculous.

"There may be individual cases of Ford workers anticipating the lack of employment making application for work with the railroads," it was stated, "but Mr. Ford certainly is not going to advise the men to attempt to break the rail strike."

Another report that met emphatic denial was that lack of business figured in the decision to close the plants. Figures were cited to refute it.

When the decision to close the plants was reached, it was stated, "we were four weeks behind in orders for Ford cars and three weeks behind in orders for Lincoln cars. We had only just caught up on orders for tractors."

The decision to suspend operations, came, it was reiterated at a time when the Ford company was doing the greatest business in its history. Production figures showed 5,100 cars turned out daily against orders for 5,200 a day it was pointed out.

A statement from Secretary Hoover that present prices of coal would add but \$1.50 to the price of Ford cars also came in for sharp criticism.

There were no developments during the day, it was said to support the hope that the shutdown could be averted.

POLICE DIG CARS FROM RIVERS' BOTTOM

(By The Associated Press.)
KANSAS CITY, Mo., Aug. 29.—With one car two thirds out of the water and with grappling iron fastened into a second, Wyandotte county authorities engaged in dragging what they believe to be a "murderers' graveyard" in the Missouri river near here tonight were forced to abandon their grim search because of darkness.

Search in the river followed reports that a car, with the body of a man lashed to the steering wheel reeled on the bottom. No body had been discovered tonight. The car which has been partly pulled from the river is a red roadster stolen Aug. 19, according to police records. The dragging will be continued tomorrow.

GOLLMAR CIRCUS AT WHITE HALL TOMORROW

White Hall, Aug. 29.—The appearance next Thursday of the Gollmar circus will give the employees of idling and lagging industry another day to celebrate following the close of the chaqueta season. The really big circus has not been a visitor to these parts in late years and the people are thoroughly alive to its coming. The Gollmar shows are said to combine the Yankee Robinson shows and they are transported in thirty-one cars. The aggregation is to be moved over the Burlington lines from Macomb, and for the benefit of the early risers to see the circus come to town, it is well to pass out the information that the first section can not be expected to reach White Hall before 5 a. m. The entire movement, however, may be handled in one train, in which event the arrival will not be before 6 a. m.

OIL LEASES ARE PLACED ON RECORD

On the real estate records yesterday oil leases were recorded made by James Baker, F. B. Sisk and Mary Mahon, et al., to Frank Byrns. The lease of C. M. Coons to C. A. Johnson was also made a matter of record.

The filing of these leases indicates that drilling operations on farm lands northeast of the city are to continue on an increasing scale.

OTIS HOFFMAN SELLS PRAIRIE STREET RESIDENCE

A deed was placed on record yesterday showing that Otis Hoffman has sold his residence property on North Prairie street to Robert J. Craig. The property is described as part of lots 21 and 22 in Capps & Lambert's addition to Jacksonville. The house is of bungalow type and modern in every way.

SECRECY SURROUNDS INVESTIGATION OF HERRIN SLAYINGS

Names of Those Summoned As Witnesses Are Not Being Divulged

(By The Associated Press.)
MARION, Ill., Aug. 29.—The veil of secrecy that has been thrown around the grand jury investigation of the Herrin mine war was drawn tighter this afternoon, not even the names of the witnesses being divulged.

This stringent action followed the report that one witness had declined to testify or answer questions put by the members of the investigating body. The witness, whose name would not be given out, was turned over to the sheriff but given an opportunity until tomorrow morning to reconsider his refusal when he will again be called before the grand jury.

More than two score witnesses were called before the grand jury the chief witness being Alton P. Findlay of Chicago, a time-keeper of the Southern Illinois Coal company, then owner of the strip mine. Findlay was shot twice during the massacre that followed the surrender of the mine employees and only his presence of mind saved him from certain death when clean up squad of the mob went right over the battle ground and found Findlay apparently dead. Findlay was the second man in line when the "death march" began, and it is understood that he furnished the grand jury valuable information as to the apparent leaders of the attacking mob.

Employees of an electrical railway running between Herrin and this city, also were among the witnesses of today and it was said that they too, had given valuable testimony.

Rumors coming from authentic sources described the testimony of some witnesses heard during the afternoon session as disappointing to the officials who are conducting the inquiry in that the witnesses seemed to have "forgotten" facts which the prosecution had chiefly relied upon as being the basis of the inquiry. These witnesses it was said, would furnish clues leading to the identity of the leaders of the mob that stormed a hardware store on the night preceding the massacre and also were believed to be able to give direct testimony as to the happenings on the battle ground.

Attorney General Brundage in charge of the investigation announced today that he would expedite the investigation in view of the fact that the first two days of the inquiry had produced an abundance of evidence. Mr. Brundage is being assisted by C. W. Middlekauff, a representative of the department of justice and by State's Attorney Duty. The latter it was said, had gathered much evidence before the investigation was taken up by the grand jury.

HEALTH COMMISSIONER MAKES GOOD THREAT

CHICAGO, Aug. 29.—Nailing a flaming red and black warning card to a door on the south side of the city, Health Commissioner Brundage today made good his threat to quarantine all houses in which men or women suffering from social diseases are found.

As many quarantine signs will be posted as are needed, the commissioner declared, adding that the place placarded today had been raided by the police before.

Under regulations recently promulgated by Dr. Brundage all men seized in raids are subjected to the same medical tests given women who are arrested.

CLEELUM ROSLYN COAL FIELDS START OPERATIONS

Cleelum, Wash., Aug. 29.—Mines of the Cleelum-Roslyn field largest bituminous coal producing district on the Pacific Coast resumed operations today after a shutdown since last April when approximately 1,900 employees joined the nation-wide strike of mine workers. Officials said that capacity production of 8,500 tons daily probably would be reached within ten days.

The men returned to work at the wages and under the working conditions prevailing prior to April 1.

H. M. ANDRE BUYS WEST STATE STREET LOT

Another real estate transfer of interest is that of J. A. Ayers to Mrs. H. M. Andre of part of lot 2 in M. P. Ayers Place. This property is on West State street, the vacant lot between the home of W. W. Gillham and that in course of construction for Mr. and Mrs. Frank Byrns. It is understood that Mr. and Mrs. Andre have purchased the lot with the expectation of erecting a home there.

MONTREAL GIRLS REBEL AGAINST LONG SKIRTS

Montreal, Aug. 29.—Twenty of Montreal's smartest and prettiest girls rebelling against the attempt of style creators to force long skirts on women have formed a "no longer skirt league." Members are pledged to cling to the abbreviated variety and do all they can to induce other young women to keep their skirts short.

SENATE PULLS OFF SOME COMEDY ON SOLDIER'S BONUS

Would Finance Measure with Interest From Allied Debt

(By The Associated Press.)
WASHINGTON, Aug. 29.—Without a record vote the senate approved today the use of the interest on the foreign debt in financing the soldier bonus. It also substituted the Smith-McNary \$350,000,000 reclamation bill, the land settlement option in house measure. Then it quit for the day with a final vote on the bonus measure at least one and perhaps two or three days distant.

The amendment authorizing the payment of the bonus charge with the interest on the eleven billions of dollars owed the United States by the allied nations was proposed by Senator Simmons, Democratic, North Carolina. He and Senator Reed, Democrat, Missouri, and other members urged it as a means not only of meeting President Harding's recommendation that the bill carry a means of financing, but also of silencing the talk about the cancellation of the foreign debt.

The Smith-McNary reclamation amendment was agreed to by a vote of 43 to 26. Party lines disappeared on the roll call, 22 Republicans and 20 Democrats supporting the amendment and 18 Republicans and 8 Democrats opposed it.

SENATORS DIVIDE ON BILL

All the senators from the far Western states voted for the proposal and all those from the New England states voted against it.

The Smith-McNary amendment would provide for the reclaiming of arid lands in the west thru irrigation and swamp lands in the south and other sections by drainage, the work to be done under the direction of the secretary of the interior thru federal and state cooperation. Veterans of the world war, the Spanish-American War and the Philippine insurrection, would be given first opportunity to obtain homesteads and also in working on the various projects.

The charge was made in debate that opponents of the bonus were supporting this proposition in the hope that it would furnish an added reason for the president to veto the bonus. Also it was contended that the reclamation project was important enough to stand on its own merits without, as Senator Lenroot expressed it being taken to court on the backs of the ex-service men.

Senator McNary, Republican, Oregon, who proposed the reclamation feature, said the bill would stand a better chance of executive approval with its amendment attached than it would without it. The same argument was advocated by a number of senators some of whom declared that Mr. Harding has given his approval to the reclamation plan.

MINERS IDLE FOR PEABODY FUNERAL

(By Associated Press.)
CHICAGO, Aug. 29.—Miners of seven states were idle today in respect to the memory of Francis S. Peabody, a widely known coal operator who dropped dead Sunday while riding his horse. The funeral services were held late in the afternoon at the Hinsdale estate and were attended by men nationally famous in politics and business. The services were simple and the body was taken to Hinsdale Cemetery for burial.

The thou shouldst bray a fool in a mortar among wheat with a pestle, yet will not his foolishness depart from him. — Proverbs 27:22.

FOLLY, as it grows in years, The more extravagant appears. —Samuel Butler.

ROAD TO EASE

(N. E. A.)

A black-skinned Algonquin Indian canoes down to the Hudson Bay post at Bear Island, Ontario. He brings a story about an Eskimo in the far north who has tamed polar bears and trained them to do his heavy tanning. Big game hunters will doubt it, for the polar bear has a body about as large as a piano box and is one of the most ferocious and cunning of all animals. The incident, however, sets you thinking about the tremendous amount of work that man has passed off on domesticated animals. He has made slaves of horses, cattle, chickens, Eskimo

dogs, camels, elephants and a host of others.

Of all these, horses are the most intelligent. Elephants come second. In India they are trained to work all day on such tasks as moving and piling logs.

Any old man can recall when farmers used dogs, running on a treadmill, to churn butter. Horses were similarly used to operate threshing machines. Man is a parasite. Until the invention of the steam engine, his existence depended almost entirely on his parasite use of animal and vegetable life.

The steam engine ushered in a new era of power. Previously, there were few instances of man using power not generated by animals—such as wind moving sailing ships and water power turning the prayer wheels of India.

Gradually we are shifting from our position as a parasite on animal and vegetable life. The auto is relieving the horse. So are railroads and flying machines. There is talk of food being produced synthetically in laboratories instead of by growing and killing plant life. Where we once preyed exclusively on trees, a form of plant life, for our dwellings, we now turn to brick, concrete and metals like iron.

TRAFFIC IMPROVES ON C. & A. ROAD

More Passenger Trains Moved Yesterday and Additional Service Will Be Available Today.

Traffic conditions were somewhat improved on the Chicago & Alton yesterday and additional service is expected today. The early morning train to St. Louis left at 6:15 and returned to Jacksonville about 10:30 last night. This was about an hour behind the schedule, as the train is due here at 9:35 p. m.

The 10:30 a. m. train from the north arrived on time and returned from Roodhouse at 2:40.

The afternoon train south at 4:25 was not put back into service but is to be run this afternoon. The Hummer came in at 11:50, only about 15 minutes late, and went to Roodhouse. This train returned to Jacksonville at 2:27 as the north-bound Hummer. The service from Kansas City is to be resumed tonight.

BERTON BRALEY'S DAILY POEM

Ask Any Cook

By Berton Braley

I HATE to cook for folks who toy
And pick and trifle with their food,
As though the victuals gave no joy,
As though an appetite were rude;
I like to see 'em wade right in
And eat their steak and corn and peas,
I like to hear 'em say—and grin—
"I'll take another helping, please!"

I'M glad to spend a half a day
Preparing food the best I can,
If I can see it put away
With zest to feed the inner man;
And it is music to my ear,
Sweet as the sweetest melodies,
When from the diners lips I hear,
"I'll take another helping, please!"

IT'S fun to fill a good sized plate,
Then watch the victuals vanishing,
It shows that folks appreciate
My gastronomic offering.
People whose appetites are slim—
I will not cook for such as these,
Give me the kind who shout with vim,
"I'll take another helping, please!"

Morgan County Fair Notes

A display of fancy saddle horses and driving horses will be given at 7:30 this evening in front of the grand stand. There will be special lighting effects and this entertainment feature promises to be very much worth while. An admission fee of 10 cents to the grand stand will be charged in order to defray expenses of the Merritt band, which is to be in attendance throughout the day. Some of the finest horses in the city and county are to be shown.

Dare Devil Chandler was unable to give his high dive or balloon ascension yesterday because his equipment did not arrive until 5 o'clock in the afternoon. However, all is in readiness for today and the high dive will take place at 1:30 p. m. and the balloon ascension at 4:30 o'clock.

This morning at 9 o'clock all classes of mules will be shown. There is an especially large list of entries and the judging will be by Col. Judy of Tallula.

In the show tent ponies will be on view with a goodly number of entries for all the events from No. 26 to 31.

Standard bred horses will be shown in ten different classes, stallions, fillies, mares and sucking colts.

CAMPAIGN AGAINST LIQUOR SELLERS

State's Attorney Will Seek Federal Injunctions in Certain Cases—Notifications for Property Owners.

The campaign against illicit liquor selling in Morgan county is not to end with the successful raids made last Saturday. State's Attorney Robinson let it be known that he expects to keep after the bootleggers and will use every legal means at his disposal in fighting them.

Yesterday morning Mr. Robinson was in Springfield in consultation with the U. S. district attorney with reference to a federal injunction. It is Mr. Robinson's intention at a later date to bring proceedings against several persons in Morgan county in the U. S. court. It is possible that a proceeding of this kind to close up a building for all purposes for a period of a year; the proper showing is made that it has been used for the illegal selling of liquor.

There are twenty-three such buildings now in Peoria. They have the seal of the U. S. marshal upon them and any person who attempts to use the building will be in contempt of the U. S. court. Injunction proceedings so far as the state courts are concerned have not been uniformly successful because of certain weak points in the law. However, this does not apply to federal injunctions and a real weapon is provided therein for combating the liquor sellers.

Notice to Property Owners.

Today Mr. Robinson will send formal notices to owners of property where persons were recently arrested for bootlegging. The purpose is to give these property owners definite notice so that in any future proceedings they cannot come in and indicate that they were uninformed about the unlawful use being made of their properties.

You are hereby notified that during the months of July and August A. D. 1922, intoxicating liquor was unlawfully kept for sale and unlawfully sold in and on the premises known and described as in the City of Jacksonville in the County of Morgan in the State of Illinois; and that on August 26th, A. D. 1922, officers under authority of law entered and searched said premises and found intoxicating liquor in and on said premises.

The law of Illinois provides that if an owner of premises has knowledge or reason to believe that his premises are used for the unlawful manufacture and unlawful sale of intoxicating liquor and permits the same to be so used or occupied said premises shall be subject to a lien for and may be sold to pay all fines and costs assessed against the guilty person. Dated at Jacksonville, Illinois, this day of A. D. 1922.

Opal Story Concluded

We have told you where Opals are found, and how damaged opals are repolished and made new.

Now for a little sidelight on the opal peddler.

Down in the interior of Old Mexico passenger trains run within a few miles of some of the opal diggings. The Indian has learned that the average tourist is legitimate and fairly easy prey. He obtains a supply of the cheap and practically worthless opals of varying sizes and a supply of sheets of black paper and hies himself to the nearest railroad station where trains are scheduled to stop five or ten minutes. A little before trap time he fills his mouth with the stones, heat and moisture giving a temporary brilliancy to a worthless stone. As the train arrives these are wiped and placed on the black paper and the victim is approached. The opals are enticing, the victim interested and the price? Oh, Cinco Pesos (\$5.) for the lot, very cheap. Usually a deal is quickly made and the subject wakes up shortly a sadder and wiser tourist. If the tourist has been stung once and wants the stones and is insistent he can make the deal for a good old U. S. A. Nickel and once in a blue moon, he may find an honest-to-gosh opal in the lot.

MAN INJURED IN WEST IS NOW IMPROVING

Mrs. Maude Rimby of Murrayville received word Tuesday from her brother, Russell Fuller, who was seriously wounded in California some weeks ago. The young man stated that altho he had been shot three times, that he is now improving in such a way that he expects to be able to be out soon. He is an employee of the Santa Fe railroad and was wounded in an affray between strikers and non-union men. His partner was killed at the time that young Fuller was wounded.

Bert Wood was a caller from Arenzville yesterday.

EXAMINATIONS BEGIN AT BABY CONFERENCE

Thirty-Six Made at First Day's Session at County Fair—Work Now Well Under Way—State Health Exhibit Interests Many.

There were forty babies scheduled to be examined at the better babies conference at the Morgan county fair Tuesday. Of that number thirty-six were examined, four failing to keep their appointments. The schedule was purposely made light in order to enable the various heads to become more gradually familiar with their duties. The schedule for today includes at least fifty babies, this being about the capacity of a day's conference altho a few more may be properly examined.

The thoroughness of examination and the smoothness of operation is evident to the spectator. The majority of the babies took very kindly to the various manipulations of the examiners. The conference tent is very well appointed and fitted with every convenience for the comfort of mothers and children. There is ample space and the whole arrangement shows evidence of careful planning.

Routine of Examination. In the routine of examination the mother first presents her credentials to the registration desk, then passes immediately to quarantine. If the child is free from contagious disease it immediately proceeds to the room for the examination for mental development. After this examination the baby enters the mothers' rest room and is here addressed for the next examination, which includes a general physical inspection. Then his mouth and teeth are inspected by a dentist, and he passes on to the eye, ear, nose and throat specialist. Finally he is weighed and measured.

The score card is passed to the scoring committee while the baby is being dressed. Any defect discovered by the various examiners is checked against the baby and it is the duty of the scoring committee to make the necessary deductions from the perfect score.

From the scoring committee the score card passes to the county health officer, who discusses with the mother the general results of the examination and gives advice regarding the correction of physical defects.

The Medical Examiners.

The staff of medical examiners scheduled by Dr. David W. Reid for the day included at the morning session: Dr. Allen M. King, Dr. Carl Ellsworth Black, Dr. A. L. Adams, and in the afternoon the following: Dr. A. J. Ogram, Dr. E. D. Canatsey, Dr. H. C. Woltman, Dr. C. S. Nelson of the state department of public health will have charge of the weighing

and measuring throughout the entire conference.

Dr. Alpha B. Applebee conducted the dental examinations throughout the entire day and has assumed charge of the scheduling of the dentists for the subsequent sessions.

B. F. Shafer, who conducts the scoring work, has selected as his staff the following young ladies, who are giving their entire time throughout the conference: Misses Catherine Wilson, Edith Putnam, Elizabeth Scott, Mary Janet Capps. The scoring work demands considerable accuracy and is an important factor.

Miss Lillian Havenhill was present to conduct the mental development tests and will be in charge of this work throughout the entire conference.

Assisted at Conference.

Under the general supervision of Miss Ida Vernon the following persons assisted in the work of the conference: Mrs. J. L. Johnson, Mrs. J. W. Hubble, Mrs. R. V. Brokaw, Mrs. J. W. Lane, Miss Lucy Catlin, Miss Marjorie Black, Miss Clara Cobb, Miss Margaret Tomlinson, Miss Florence Chapin, Miss Helen Walton, Miss Lucretia Hutchinson, R. N.

In the course of the day the physicians present had occasion to render first aid to several persons who came to the tent for treatment. One was a man who had a rather bad cut on his head and another a boy who fell from a pony in one of the races and received painful but not serious injuries. A first aid room is provided for the care of these emergency cases, but a nurse has not yet been assigned on full time duty. This will be done, however, if conditions warrant.

Public Health Exhibit.

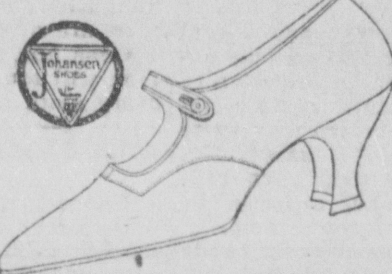

All the pieces of the state health exhibit have been set in position and the whole presents a very spectacular display. Quite a large number of people visited the exhibition tent Tuesday and the display is one which every one should see.

One place which attracts considerable attention is a large map of Illinois indicating the quality

of the water of the several cities throughout the state. It is gratifying to note that Jacksonville is included among those cities which have the full endorsement of the state health department.

WARNS AGAINST HARVEST FIELDS

ELOOMINGTON, Ill.—(By the A. P.)—Men lured by tales of big wages in the harvest fields of the west and northwest, should investigate before hastening to "the promised land," according to Superintendent J. E. Mathews of the state free employment bureau here.

"Every day we are asked about western conditions and unless I have fresh information I warn all applicants against going to the scene before they write for information," said Mr. Mathews. "They may have railroad fare and other expenses by investing in a two cent stamp."

"Campaigns for harvest hands in the west were conducted last

year. Many men returned without jobs. The same condition exists this year.

"Harvest work will begin in Montana in about a week. Three thousand hands will be needed there according to Federal Field Director, George E. Tucker who has opened temporary harvest headquarters at Aberdeen, S. D.

"In North and South Dakota the harvest is now on and available hands are distributed where they are needed. In Oklahoma Kansas and Texas thousands of men will soon be pouring in from every state in the union."

MILK LUNCHES AT HOOPESTON

Hoopeston, Ill.—By The A. P.—Discovery that a number of school children of Hoopeston were underweight has led to a

plan for giving the children "milk lunches" in the schools this winter. Tests made by the county nurse showed that many pupils were underweight and that they improved on a milk diet.

STATE DAIRY MEETING TO BE HELD IN CLINTON

Springfield, Ill.—The forty-ninth annual meeting of the Illinois State Dairy association will be held in Clinton the second week of next January. It was announced here today by S. J. Sanard, state dairyman and member of the board of the association.

The decision to give Clinton the next meeting was reached at a meeting of the board of directors composed of J. P. Mason, Elgin, president; W. S. O'Hair, Paris, vice-president, and S. J. Stanard.

Plans for the meeting, Mr. Stanard said, are the most extensive for any meeting in the twenty-four years of the association's existence.

COAST BEAUTY IS NAMED MASCOT OF VETERANS

MISS PEGGY CONWAY

San Francisco.—"They came, they saw, she conquered." Which explains in a nutshell how Miss Peggy Conway was selected as the mascot of the Disabled Veterans of the World War for their next convention to be held in Minneapolis in 1923.

The veterans have just concluded this year's convention at San Francisco.

Miss Conway was one of their hosts.

Her pretty face and her winning smile worked their usual

havoc with the hearts of the impressionable veterans.

Besides Miss Conway had some thing more than a pretty face to recommend her.

She had the will to devote her abilities to the entertainment of the disabled "vets."

Her record since the war has been one round of service in the amusing and aiding of the wounded soldiers in the hospitals around San Francisco.

Her selection as mascot of the Minneapolis convention was the fitting reward for her long period of willing work.

SUMMER VACATION IN COOK COUNTY

Playground of More than 20,000 Acres—Only Requisite's Automobile and Camping Outfit.

CHICAGO, Ill.—A summer vacation spot and playground of more than 20,000 acres of picturesque woodland is open to citizens of Illinois, the only requisites being an automobile and a camping outfit. With these essentials a vacation rivaling those at summer resorts may be spent in Cook county's forest preserves.

Concrete roads equal to the city's boulevards lead through all parts of the preserves which almost surround Chicago and contain lakes, hills, rivers and trails of wonderful beauty. Street cars and railway trains make many parts of the preserves accessible to those not having automobiles.

Swimming, canoeing and fishing are all a part of the wonderful outdoor life of the preserves. Special facilities are provided for campers. Drinking fountains, comfort stations and shelters are everywhere. Animal life and bird life remain undisturbed under the laws of the preserve district and the only restrictions imposed on visitors relate to the safety of the visitors themselves and to the conservation of the trees, plants and animal life.

Every preserve district has its recreational features as well as its fields for natural research and historical pursuits. Golf links are being constructed as rapidly as the demand grows; baseball diamonds are laid out in nearly every section and tennis courts eventually will be available on each tract.

Points of historic interest are numerous throughout the preserves. In the Palos hills are the ruins of French forts established in the days when the French ex-

plorers and their soldiers were contesting with the Indians. Throughout the Desplaines River valley is found abundant evidence of the region of the red men. Ruins of villages are found in numerous spots. Sag Timber, Beverly Hills, the Sauk trail district at Chicago Heights and the celebrated Marinika Springs in the Thornton-Glenwood tract, all add interest to the various districts.

More than 4,000,000 persons visited these preserves in 1921 and preparations are being made for double that number this year. Maps showing roads, the location of the various preserves and the points of interest have been prepared by the board of Forest Preserve Commissioners and may be had for the asking.

VOTE TO RETAIN HIGH SCHOOL

Belleville, Ill.—(By the A. P.) Voters of the Dupe Community High school district have voted to retain their high school. The vote was 520 to 476 in favor of the school. A similar proposition was defeated two weeks ago at New Athens. Proceedings attacking the legality of the Dupe district are pending in court.

REFUSES REQUEST OF R. R. COMPANY

Superior, Wis., Aug. 14.—U. S. Marshall W. R. Chelley in conference with officials of two railroads, county and police authorities today, refused the request of the Great Northern Railroad to furnish 12 deputies to guard the local property of the company.

CAIRO'S PERSONAL PROPERTY DECREASES

Cairo, Ill.—(By The A. P.)—The personal property valuation for the city of Cairo has decreased \$350,000 over last year. According to the county assessor's tabulation the personal property valuation for 1922 is \$2,498,842, while for 1921 it was \$2,849,180.

WILL TALK ABOUT CONSTITUTION

Bloomington, Ill.—(By the A. P.)—Plans are under way for a meeting here at which Former Governor Joseph W. Fifer and T. C. Kerrick, both delegates to the constitutional convention, will speak on the proposed new constitution. President Woodward of the convention recently called upon the ordinary business man to compare the proposed law with the Constitution of 1870. The speakers at the coming meeting will follow this line in these speeches.

Miss Stella Doolin has returned home after a few days visit with relatives and friends in the city.

The GRAND PRIZE EUREKA Electric Vacuum Cleaner The World's Greatest Cleaner A Few of the Points of Superiority

- It eliminates hand labor with the ineffective, insanitary broom.
- It cleans floors, carpets, rugs and upholstery mechanically.
- It cleans by the use of air, one of the best cleaning agents.
- Large volumes of air moving at great speed are forced through the fabric carrying the dirt and dust into a bag. It gets all the dirt.
- It gets none of the nap or fabric.
- It is easy to handle.
- It is simple to operate.
- It saves much labor.
- It saves much time.
- It is durable and free from mechanical troubles.
- It is economical from every angle.
- It is the most effective way to clean yet devised.
- It is welcomed by all domestic employees.

Study the picture of the Eureka Vacuum Cleaner in use and note how simply and easily it is operated. A delicate woman can move it about over the carpets or rugs with one hand without the slightest exertion. The secret of its simple control lies in the fact that the handle fits in the hollow of your hand—with the control switch always directly under your thumb.

COMING ARTISTS COURSE IS ANNOUNCED

Program Under Auspices of College of Music Promises Splendid Features.

The following are the attractions in the Artists Course for the season of 1922-1923 is announced by Illinois Woman's College.

Lois Johnson American Soprano and Margaret O'Connor, Harpist, Monday evening, Oct. 23, 1922.

Maurice Dumesnil, Eminent French Pianist, Monday evening, Nov. 13, 1922.

Valentina Crespi, Italian Violinist and James Hamilton, Tenor Monday evening, Dec. 11, 1922.

Bogumil Sykora, Distinguished Russian Cellist, Monday evening, Jan. 15, 1923.

Miss Lois Johnson has youth, personal charm and a voice of opulent tone and appealing emotional qualities which have brought Miss Johnson increasing successes in her field of concert and oratorio work. Miss Johnson has had her entire training in America and has never felt the need of study in Europe, either for prestige or for further training of a voice inherently of such beauty and eloquence.

Miss Margaret O'Connor is young—still in her very early twenties. And her acknowledged mastery of that most difficult of stringed instruments, the harp, is the more remarkable because of her youth. Miss O'Connor has appeared in 76 cities and larger towns in this country, and was chosen by the government as harpist member of a concert company which made an extended

tour of the Panama Canal Zone in 1920.

It is hardly necessary to speak of the work of the eminent French Pianist Maurice Dumesnil who is one of the most brilliant French pianists to come to America since the great world war. Mons. Dumesnil appeared in the last years series of an account of the large number of requests for his return has been brought back for this year.

Valentina Crespi is a brilliant and accomplished young Italian violinist who has an international reputation. Born in Italy, she has on her father's side the musical temperament of Italy, and on her mother's the passionate music of Roumania. Her first American debut was made in Aeolian Hall, New York, last November.

James Hamilton the celebrated young American Tenor, who appears on the same program with Valentina Crespi, has had an enviable career. During the past five years he had appeared in more than 500 cities in the United States, and has sung before a million people, including critical audiences in New York, Chicago, and other art centers.

Bogumil Sykora, cellist, is one of the most brilliant virtuosos of today. The verdict of the New York critics upon his debut in Carnegie hall, fully agree with the fine reports from European capitals, that he had preceded the young genius, Henry T. Fink, in the New York Evening Post said: "The technical audacity and brilliancy of the playing of this cello virtuoso border upon the miraculous."

Information for Season Subscribers

Subscribers for the Artist Series of 1922-23 may obtain their season tickets at Brown's Music Store between Monday, October 9th, 9 a. m., and October 23, 4 p. m. Only a limited number of tickets will be available.

FORMER RESIDENT OF SCOTT COUNTY DIES

Death of M. B. Edmonson Came Tuesday Afternoon at Clinton, Ill.—Other Winchester Items

Winchester, Aug. 29.—The death of M. B. Edmonson came at 3 o'clock Tuesday afternoon at the John Warner hospital in Clinton, where he had been a patient for several weeks.

Mr. Edmonson was born in Kentucky but came to Scott county when a young man. He was united in marriage to Miss Smithson of Scott county, who passed away a number of years ago. They were the parents of eight children, five of whom survive. They are Dr. George Edmonson of Clinton, Ill.; Mrs. W. B. Clark, Mrs. Claude Thomas, J. W. Edmonson, all of Winchester, Otis Edmonson of Kansas City. One son, Dr. Oscar Edmonson, and two daughters, Mrs. Minnie Thomas and Mrs. Fannie Suddeth, preceded their father in death.

For years the family home was on a large farm northwest of Winchester, and the deceased was known as one of the most prosperous farmers of the county. Later the family moved to Winchester, where they resided on North Main street. Here Mr. Edmonson engaged in the livery business for several years.

For the past eleven years Mr. Edmonson had resided in Clayton, Ill., and there he was united in marriage to a Mrs. Black, who survives him.

The deceased was a man of genial disposition and of more than the usual kindness of heart. He was widely known throughout Scott county and also had many friends in Clayton, his later home. He was a member of the Baptist church of Winchester and his life was one which fully accorded with the teachings of that denomination.

The remains will be brought to Jacksonville Wednesday afternoon and will be met there by relatives and friends and accompanied to Winchester. The funeral will be held Thursday afternoon, the hour to be announced later.

Officers Elected
The officers for the 1923 chaqueta were recently named as follows:

President—Rev. W. R. Johnson.
Vice president—Father O'Mul-lane.

Secretary—Mrs. Perry Coultas.
Treasurer—Paul Markillie.

Pastor Resigns
Many will be surprised to learn that Rev. W. R. Johnson tendered his resignation as pastor of the Baptist church at the Sunday morning service. It is Rev. Mr. Johnson's plan to enter evangelistic work at an early date and he will in all probability make Winchester his home. The many friends of the family are glad to know that they are to remain in the community.

News Notes
Miss Opal Wilson left Tuesday to visit relatives in Springfield. Mrs. Herman Ysberg and little daughter of Saginaw, Mich., arrived Tuesday to visit her parents, Mr. and Mrs. P. R. Nelson. Guy Paul met them in Jacksonville and accompanied them here.

Mr. and Mrs. Thomas Kirkman and Miss Lizzie Werner spent Sunday with relatives in Waverly.

ESTABLISHES NEW SWIMMING RECORD
Cairo, Ill.—Miss Geraldine Thistlewood, a student at the Chicago Physical Training School, has established a record for swimming across the Ohio river here. Accompanied by her father, Wilbur B. Thistlewood, she swam from Cairo to the Kentucky side in 23 minutes. Miss Thistlewood has passed the Red Cross life saver's test which entitles her to wear a life saver's badge.

REPORT FILED IN H. STRYKER ESTATE

Figures of Appraiser Walter Bellatti Show Valuation of About \$100,000.

Walter Bellatti, appraiser for inheritance tax in the estate of the late Henry Stryker, filed his report yesterday and it was approved by Judge Samuel.

According to the report, the net value of the estate was \$99,240.36. Of this amount one-third of the estate or \$33,080.12, passes to Mrs. Louise Stryker Cappe. Under the law \$20,000 is exempt, and the amount of the inheritance tax is 2 per cent on \$13,080.12, which is \$261.60.

The same figures apply to the interest of Mrs. Elizabeth H. Hart, another daughter. The remaining portion of the estate is divided equally between Robert C. Taylor, Jr., and Henry S. Taylor, children of Robert C. Taylor of Cass county. The interest of each grand child is free from taxation, the amount of each, \$16,540.96, being below the legal exemption.

MISS SIEBERT RETURNS AFTER SUMMER STUDY

Information at hand indicates the possibility of a class in colored cement work at the High School here during the first or second semester if sufficient interest can be aroused in this line.

Miss Siebert, supervisor of the public school art department, has returned from Chicago where the summer months have been spent in studying under Pedro Lemos of the Leland Stanford University, at the school of Applied Arts.

On account of being able to enter under this talented instructor Miss Siebert devoted the most of her study to the newer art works in colored cement. This study is an interesting one combining as it does the practical elements of drawing, painting and modeling.

The objects made in the colored cements are book-ends, mantel and other ornaments and possess a distinctive artistic value and are practical in that they are not easily broken.

The work is intensely fascinating and one that will hold a student's attention closely and develop all latent artistic possibilities of his nature. California public schools have carried this course for two or three years and have found it popular.

FAST RACES SEEN AT OPENING DAY OF FAIR

Track is Fast and the Two Races Run Are Closely Contested—Each Required Five Heats for a Decision—Edna Mayo Steps Fastest Mile of Afternoon in 2:27 Trot

RACE CARD FOR TODAY

2:25 pace, \$200 added—Probable starters, Illinois Joe, Johnny Todd, Constant Dillon, Loppy Forbes, Red Bill.

Half mile trot, \$25.00 added—Holyrood Bond, Roaming Ted, Charles Valentine, Trelston, Ruth King.

Mule race—Half mile dash.

Leon DeForrest, driven by Creasey, won the 2:27 trot on the opening day of the Morgan County Fair Tuesday afternoon after a bitter five heat battle with Edna Mayo. It was a battle in every heat and these two horses were always fighting it out.

The buggy horse race also developed a close race which went five heats, Purvins finally winning the fifth heat in a pretty race from Lena Lou with Clark Green up. The boys' pony race was an interesting race marred only by an accident to Christison whose saddle turned under him at the upper turn. The lad was thrown directly in front of another horse but the animal fortunately jumped over him. The lad escaped with only a few bruises. The horse ran away and circled the track before being caught. It kicked Hale, another rider, and bruised him considerably on the legs.

The track was fast and some excellent time was made in both the 2:17 trot and the buggy horse race. W. T. Deatherage of Brighton was the starter and did good work, tho some of the spectators took exception to some of his starts. In the main his work was satisfactory.

The judges were: Howard, Piper, White Hall; Charles Campbell, Jerseyville and Charles Amos White Hall. The timers were H. E. Wheeler, A. D. Arnold and W. A. Masters. Frank Sullivan is clerk of the course.

2:27 Trot

In the draw for positions in the first heat, Leon DeForrest drew the pole, Charles Valentine second, Mord Wallie third, Prince Morono fourth, Edna Mayo fifth and Trelston sixth. The horses got the word the first time down. Leon DeForrest took the lead and was never headed, winning the heat in 2:21 1-4. Prince Morono second, Charles Valentine third, Edna Mayo fourth, Mord Wallie fifth and Trelston sixth.

Prince Morono took the lead in the second heat and stepped to the quarter in 38 seconds. Edna Mayo came fast and took the lead and finished in front, Charles Valentine second, Leon DeForrest third, Prince Morono fourth, Mord Wallie fifth and Trelston sixth.

Charles Valentine stepped out in front at the beginning of the third heat and lead until the three quarter pole was reached when Leon DeForrest and Edna Mayo moved up and challenged him. Valentine made a break but soon settled and it was driving finish down the home stretch, with Leon DeForrest in front and Edna Mayo beating Valentine by a head right at the wire.

The horses got the word the first time down in the fourth heat. De Forrest took the lead and held it until he headed into the stretch on the first half. But he made a break and took Creasey some time to get him back in his stride. Edna Mayo moved up and took the lead with Charles Valentine trailing. Creasey got Leon DeForrest going and made a pretty drive in the stretch but could not catch Edna Mayo which won in 2:21 1-4. Chas. Valentine

The pony race was won by Walker's pony, Roach second, Hale third and Read fourth. Running, half mile dash—Gardennell first, Charles Heinz second, Cricket third. Time .55

RETURN FROM TRIP TO YELLOWSTONE PARK
Misses Bess Hadden and Mabel Tholen have returned from a visit of several weeks in the west. They spent the time in Yellowstone park, Estes Park and Colorado Springs. Their train schedule was uninterrupted except for the fact that the C. & A. train from Kansas City was very late.

CORRECTION

A statement was made yesterday that a horse owned by Russel Baptist was killed Sunday night by an automobile driven by Edgar Hopper. This statement was in error. The horse was injured but was not killed.

Locked In

People in New York City live like bees in a hive, ants in a hill. You'd think that everyone would know all about their neighbors. But they don't. And don't care to. Above is Dominic Albino. He was kept locked in a dark room for four years according to officers, who found him in an East Side garret.

CHERRY HOLDINGS RUN TO BIG FIGURES

Inventory Filed By Judge Brockhouse Shows Property With Estimated Value of More Than \$300,000.

Edward P. Brockhouse as conservator of John Cherry, has recently filed in the county court an inventory showing the value of property held by him as conservator. The list includes not only a number of houses in the city of Jacksonville, but also a number of tracts of farm land in this county and in Missouri.

In addition, the conservator lists several classes of chattel property and certain accounts to the amount of \$18,820. These sums, together with the estimated value of real estate, gives a total estimated value of \$309,370 on the property.

In addition to the chattels already given, the inventory also estimates the rental values of the properties and these rentals total \$22,057.

The property listings are as follows:

Tract No. 1, part lots 11 and 12 in the original town of Jacksonville, value, \$21,000; rental value \$2,400.

Tract No. 2, lot 54, etc., original plat, value, \$32,000; rental value, \$3,600.

Tract No. 3, lots 4 and 5, in McHenry Johnson's addition, value, \$68,000; rental value, \$3,500. This property is generally known as the Cherry apartments.

Tract No. 4, lots 4 and etc., in lot 3, block 15, City addition, value \$6,000, rental value, \$420.

Tract No. 5, pt. lot 2, block 23 City addition, value, \$8,250, rental value, \$618.

Tract No. 6, pt. lot 2, block 23 City addition, value \$8,250, rental value, \$618.

Tract No. 6, pt. lot 2, block 23 City addition, value \$1,000, rental value, \$96.

Tract No. 7, pt. lot 7 Mathers & Newman's addition, value, \$2,000.

Tract No. 8, lot 13 Simmons Heirs sub-division, value, \$1,900, rental value \$180.

Tract No. 9, lots 9 and 10, Spaulding's sub-division, value \$3,250, rental value, \$408.

Tract No. 10, lot 235 Car Shops addition, value \$100, rental value, \$5.

Tract No. 11, part southwest quarter section 22-15-10, value, \$5,400, rental value, \$300.

Tract No. 12, pt. lots 12 and 13, block 2, West Jacksonville, value, \$7,000, rental value \$480.

Tract No. 13, part lots 12 and 13, block 2, West Jacksonville, value \$5,500, rental value \$570.

Tract No. 14, part lot 62, block 16, Chandler's addition, value \$6,500, rental value \$480.

Tracts Nos. 15 to 21, inclusive, clear of all incumbrances, are valued at \$120,000 and the probable rental value is \$6,000 to \$7,000. These tracts are for the most part in Pike county, Mo. Out of the total acreage 667 are in Riverland levee district.

MODELS REHEARSE FOR FASHION SHOW

Gathered at Opera House to Learn the Art of the Professional Model—Tickets Going Fast

Last night the various persons connected with the big fashion show, which will be staged at the fair grounds, Thursday and Friday nights, gathered at the opera house for a rehearsal of the affair.

A good deal of time was spent in learning the intricacies of "Model's Walk," and the other modes of beguiling the spectators with the newest and latest from Paris, New York, and elsewhere. From the list of girls to will do duty as models it looks as tho the dresses must be quite dazzling to keep the spectators' eyes on them instead of the models' faces.

This fashion show is being modeled as nearly as possible after the big fashion show that was held not long ago in St. Louis. Several merchants have made trips to the big eastern fashion centers in order that the people of this city may see the very latest and nothing else. Several professional vaudeville acts will be interspersed with the showing of gowns, suits, and shoes, but it is a question whether the hired performers will be able to better entertain the audience than the local talent.

Great expense is being incurred by various local merchants in order that this show may be a success and that the fashion show will be remembered by its spectators as one of the big events of fair week, and indeed, if expenses is any witness of value, it will.

Reserved seat tickets have been going fast and it will be well for those who intend to take in the show to purchase their tickets at once. Tickets are on sale at Louis L. Horen's store on the west side of the square and Shanken's store on the east side of the square. Teams of girls will canvas the business district with tickets today.

It will please most people to learn that entrance to the fair grounds is free every night, and so the big fashion spectacle will cost nly the altry sum of twenty-five cents.

DECORATING FIRM HERE

M. J. Yaeck of Springfield was in the city yesterday on business of the "Crescent City" decorating company of New Orleans, Louisiana. He states that his company desires the contract for decorating the streets in honor of the proposed autumn carnival.

Mr. Yaeck told of the way the decorating companies make a living. "In towns that are holding big conventions or celebration," he said the different decorating companies each bid for a part of the two or three hundred thousand dollars worth of business. "All of the companies buy their supplies from one big house in New York and the decorating itself is all they do. The Crescent City company is the same that decorated our streets in such an attractive manner last Christmas time."

Kellogg's SHREDDED KRUMBLES
deliciously flavored WHOLE-WHEAT

Food that makes red blood!

Kellogg's whole-wheat KRUMBLES—with the full, enticing flavor of whole wheat for the first time—are wonderful makers of red blood, of bone, and of tissue!

Compare the red-blooded man or woman with puny, undernourished types, then you'll realize why every child should eat KRUMBLES every day to become rugged and enjoy robust health; to become physically courageous and mentally keen; to be able to go into the world READY to take a leading part!

KRUMBLES are a perfectly balanced food. They contain every vital food element! KRUMBLES counteract the effect of the denatured foods we eat—foods robbed of life-sustaining elements!

KRUMBLES eaten daily renew the strength of men and women workers and provide food that sustains the aged. All grocers sell KRUMBLES!

The only whole-wheat food with a delicious flavor!

RIGGSTON SUNDAY SCHOOL HAS PICNIC

Was Held at Nichols Park Tuesday Afternoon—Dinner Was Served at 5 o'clock.

A fine time was enjoyed at Nichols park Tuesday afternoon by the members of the Riggston Sunday school, the occasion being their annual outing. This is an event which is always looked forward to with much interest by the people of that community. There was a large attendance, and during the first part of the afternoon the time was spent socially by the older people while the children enjoyed themselves at the playgrounds.

Shortly after 5 o'clock all the good things which the families had brought along were spread on the tables and it was indeed a splendid repast to which all did ample justice. Mr. G. H. McCullough has been superintendent of the Sunday school for the past fifteen years and the school fills an important part in the life of the people of that community.

The following were among those present: Mr. and Mrs. W. E. McCullough and son William, Mrs. Roy Coultas and children, Mr. and Mrs. G. H. McCullough, Mrs. Mary Vannier, Mr. and Mrs. Robert E. Allen and family, Mr. and Mrs. Clifford Allen and family, Mr. and Mrs. J. W. Shipley and family, Mr. and Mrs. J. W. Green and family, Mrs. E. M. Vortman and daughter Mabel, Mrs. Abe McCullough and family, Mrs. Allen McCullough and family, R. P. Allen, Anna Margaret Vannier, Mrs. A. J. Funk, Mrs. Edward Leach and family, Mrs. John Simmons, Mrs. Anna Hamilton, Miss Naomi Lane, William E. OLD JACKSONVILLE THE MORGAN COUNTY FAIR

(BY ENSLEY MOORE)
Member Illinois State Historical Society

At the risk of repetition, the writer will refer to our county fairs.

The Journal of March 7, 1918, had an "O. J." article on "The Morgan County Fair Grounds," concluding with these words: "The Fair Grounds were beautiful and delightful for public gatherings, and it was an act of vandalism when the grand trees were cut down, the gates closed, and the great old place was turned into a pasture."

This week's fair on the old grounds shows the rightness of the above quotation, and the need of just such a public and pleasure ground as we used to have, at the west end of State street.

Few of us boys remain, who attended the first exhibit held in the locality being renowly utilized this week.

And fewer still remain of the dear old parents or friends who took their boys and girls out to the "New Fair Grounds" that autumnal week of 1858. And few of the bright and pretty girls whom we gazed upon in admiration or love—in spite of the formal show—are left to chat with, over old times, Lizzy and Laura, and Jennie, and Mary and Mattie—and another Mattie and others will not be there this week. Nor will Beecher, or Henry or Charlie—and two other Charlies—or Joe or John or Charlie and Howard be there.

How could they all be there with the splendid grounds so so despoiled?

It was in 1855 that a bill was introduced in the legislature to charter the Morgan County Agricultural and Mechanical Association, and it found a little patch of open prairie out in the Third Ward to put up a high board fence around within the bounds of which the "natives" and "Old Settlers" might gather to view the wonders there displayed.

Jacksonville Was Too Progressive to maintain such a place, and the move was made, and the new grounds opened in 1858.

Russell Evemeyer was a business visitor from Meredosia yesterday.

Herbert Smith who has been in northern Wisconsin on a fishing expedition has returned.

They were naturally well chosen and attractive, but fully improved until 1860 when

The Great State Fair was held there, and it took the voice of a coming Vice President of the United States to make the opening address, which Schuyler Colfax of Indiana did.

The grounds had been sufficiently cleared, and buildings erected, with a three story pagoda and Band and Judges stand in the center of the "little ring," bounded in part by a fence, and in part by an amphitheatre. And outside of this was the "big ring," where the races thrilled the gathered thousands.

O, yes! There were great days there, "Before the War," and when that came other thrills were added, and our heroes camped and drilled there, and clad in the glorious blue went forth to Victor Death, which they knew not.

The greatest War Governor saw his "boys" mustered in, another Governor and U. S. Senator and Major-General trained the 14th Illinois there, and the great Commander who won the Victory for the Star Spangled Banner halted his 21st Illinois beneath those splendid trees.

"Yes, yes, yes! Camp Duncan saw things, and the 101st Illinois sallied thence to go with Sherman to the Sea, as they 'went Marching Thru Georgia.'"

There the fine old grounds saw the Soldiers' Reunion and the Sons of Veterans there, and newly inspired Fourth of July were celebrated and thousands came to them, and other thousands to Camp Meetings, and thousands and thousands to the meetings of the Old Settlers of Morgan and Cass in later years. Picnics delighted old and young, craters dwelt with eloquence upon the makers of American history, and again and again the people gathered out there in happy enjoyment.

Why, why indeed, should not our people of old Morgan, with Cass and Scott, crowd the honored spot yearly, and for years to come, in glad remembrance of the Morgan County Fair Grounds?

Be Your Own Administrator

With the use of life insurance you can direct your financial affairs from beyond your grave. You can arrange with a life insurance company to pay your dependents a certain amount monthly, or otherwise. You can arrange for the company to pay off your mortgage at your death.

If your estate is not sufficient to support your family in case of your death, a life insurance company will "loan" you an estate until you have accumulated one of your own.

Modern life insurance offers you untold advantages in arranging the financial program of your life. Consult us as to some of these advantages.

The Relief for Eyestrain

Unfortunately many people in Jacksonville are handicapped by imperfectly formed eyes. Farsighted, nearsighted and astigmatic eyes are all too common.

Each of these conditions indicates a need for lenses that will enable the eyes to perform their duty in a normal, healthy manner—without strain or discomfort.

The only correct remedy for imperfect eyes is properly prescribed glasses—the kind we fit and guarantee.

A USEFUL LIFE

Among the young people who have gone from Jacksonville to do credit is Miss N. Elizabeth Harris, now secretary of the Woman's Board of Missions of Interior of the Congregational church with headquarters in Chicago.

The young lady is a niece of Andrew Harris east of the city, near Orleans and taught school in various districts in this county always attaining a high standing in her work.

Other lines of usefulness she has followed with success and now is occupying the position mentioned and is a very important factor in the great cause of carrying the blessed gospel to those who sit in darkness. She is a resident in the Gladstone Hotel, a popular and high class establishment on the south side and by her winning manners and many accomplishments she has become very popular with the many who find a home in that attractive place.

Hay Fever Relief

May be Had Right at Home

WHILE there is no certain "cure" for hay fever, Vicks in many cases will give relief. As a preventive, keep Vicks up the nostrils, especially when exposed to dust.

To clear the head, melt Vicks in a spoon or tea kettle and inhale the vapors.

For relief during an attack, rub Vicks over the spinal column from the neck to the hips. Then apply over throat and chest and cover with hot flannel cloths.

Leave the bed covering arranged in the form of a funnel so that the vapors arising may be freely inhaled.

WHEAT SHOWED EASY UNDERTONE

By Associated Press.
CHICAGO, Aug. 29.—Wheat showed
an easy undertone today in sympathy
with lower quotation at Liverpool
and on local and commission house
pressure and closed 1 3-8 to 1 3-4c
lower, with Sept. \$1.02 and \$1.02 3-4
to \$1.02 7-8; corn was unchanged 1-8 to
1 3-8c oats were unchanged 1-4c
off and provisions generally lower.
Liverpool cables were lower thur-
out the session there and this helped
to unsettle the market on this side
of the Atlantic. The demand for
wheat for export was fair but most
of the recent business was for Mani-
toba. Country offerings for spring
wheat were liberal but there was no
great pressure of winter wheat. There
was fair buying by houses with east-
ern connections which led many of
the pit traders to take the buying
side but they found support light
when they tried to take profits.
Lack of outside trade counted heavily
against the market.

Scattered liquidation was on in
corn and at no time was December as
high as yesterday's finish. Drought
continued over the great part of the
west and southwest but temperatures
were low and the forecast suggested
some showers. Receipts were large
arrivals being estimated at 300 cars.
There was an indifferent demand
for oats and the market was firm
with a moderate trade and held
close to yesterday's finish.
Liquidation in September and
December late caused a sharp decline
in provisions.

Gasoline Consumption Jumping

GASOLINE consumption during the month of June, 1922, was 20% greater than during the month of May, 1922, and considerably higher than June, 1921.

On June 1, 1922, there were in storage 856,607,102 gallons of gasoline, or 82 gallons for each of the 10,448,632 automobiles registered Jan. 1, 1922.

This means less gasoline per car in storage than for any similar period since 1918, with the single exception of the year 1920 when there were only 76.4 gallons per car.

The summer demand for gasoline is about double the lowest demand of the winter. If July and August consumption shows an increase proportionate to the June demand (as appears probable) stocks may be expected to decline rapidly.

However, because of its unrivaled facilities, the Standard Oil Company (Indiana) is equipped to care for the gasoline needs of its patrons throughout the Middle Western States it serves.

The refineries of this company operate the year through in order that products will be ready when the heavy summer demand comes. At all times the company attempts to have its field storage tanks full.

To maintain an abundant supply of gasoline at all points in the territory requires the unceasing efforts of 26,000 employees, the manufacturing capacity of 6 large refineries, the field storage at 3821 bulk stations, 1700 service stations, 515,000 iron barrels, and over 6000 tank wagon and delivery trucks.

The motorist who will think in terms of the unceasing streams of cars on the streets about him will quickly appreciate the magnitude of the task confronting the Standard Oil Company (Indiana). This task is far more difficult of performance in the Middle West than elsewhere in the United States because the number of cars per capita is greater and the mileage of these cars is greater.

Great as this undertaking is, the Standard Oil Company (Indiana) has proved equal to the job. As gasoline consumption increases, this company provides facilities to meet it. It believes that this expansion of activity is an essential part of the service which it is expected to perform.

CHICAGO SINGER TO BE HEARD IN ROODHOUSE

Miss Marion Fisk to Sing at M. E. Church Next Sunday—Other News Items From Roodhouse.

Roodhouse, Aug. 29.—Miss Marion Fisk of Chicago, soloist in the Ravenwood Methodist church, will sing at the morning service at the M. E. church here next Sunday. Mrs. Ray Berry will play the pipe organ accompaniment.

Lester Farrow of Lake Worth, Fla., who has been visiting Illinois relatives for several weeks, was a guest at the home of his aunt, Mrs. W. A. Jolly in Roodhouse the first of this week. Mr. Farrow departed Wednesday for his home.

Mrs. Bessie Cadwell of Martinsville, Ind., arrived Tuesday night. She will be here until next week, the guest of her sister, Mrs. J. W. Starkey. Mrs. Cadwell, who is public librarian at Martinsville has just been down to the old family home in Kentucky for a visit and stopped at Roodhouse while enroute back to Indiana.

Mrs. Mary Drake returned home Tuesday from a visit with her son, Sidney Drake and family in St. Louis.

Mr. and Mrs. C. C. Fuller of Detroit, Mrs. Roy C. Johnson of Chicago and Mrs. A. J. Johnson of Roodhouse, drove to Murrayville to attend the picnic Thursday.

Mrs. John T. Rawlins and her daughter, Miss Cora, have returned from Holtville, Calif., in the Imperial Valley where they spent several months with a son of the former.

Miss Lattie Wieser left Tuesday night for Bakersfield, Calif., where she will teach the second grade in the public school the ensuing year.

Mrs. W. E. Reeve and children and J. B. Symons and family have been spending a few days at Kampsville this week.

CONCLUDES VACATION
Rev. A. P. Howells, pastor of First Baptist church, who has been spending his vacation in Jacksonville and St. Louis, will begin his fall work by conducting the prayer meeting in the Baptist church here this evening.

Rev. Mr. Howells has been supplying the pulpit of the Lafayette Park Baptist church during the vacation of the pastor, Rev. R. K. Kelly. This church held two services each Sunday during the heated period with nearly every pew in the auditorium filled with attentive listeners.

The average Sunday school attendance during August was 450 and two young people's societies had five meetings every Sunday night. A drive for 1,000 on Rally Day, September 24, was announced on last Sunday.

This is the church of which Dr. A. A. Todd was pastor before accepting the charge here. He is still held in high esteem and is credited with having aided in putting Lafayette Park Baptist church on the map as the largest Baptist church on the South Side.

Charles Stanley came to town from Joy Prairie yesterday.

CHAUTAUQUA AT WHITE HALL CLOSES

Fine Programs Marked Seventh Annual White Hall Chautauqua Assembly.

White Hall, Aug. 28.—The seventh annual White Hall chautauqua came to a close Sunday night with an address by Dr. George E. O'Dell, journalist and lecturer, on "The American Home and Its Problems." The afternoon address was by Bishop Joseph C. Hartzell on "The Political and Religious Outlook of Africa." The Pittsburgh Ladies Orchestra was the musical feature of the closing day, and the White Hall K. of P. band made its first and only appearance during the entire assembly.

The assembly opened on Saturday, Aug. 19th with the annual picnic of the Greene County Farm Bureau that drew an audience of 1,500 and for which music was furnished by the Rawlins Band of Roodhouse. This annual picnic has come to be regarded as the opening feature of the chautauqua. The chautauqua proper covered eight days, and President John H. Fox states that the satisfaction of the patrons is as great this year if not greater than has been the case with any other of the seven years of the chautauqua. Mr. Fox is in a position to speak of the effects and the results of each assembly. The attendance this year may not prove to be greater than last year, but the compilation of the annual report will show fully as good a show as last year, which report will not be completed by Secretary Shirley before Wednesday. Detours and other adverse conditions militated against an increased attendance in keeping with the increases that have been shown every year until possibly this year may not show the progressive increase for the reasons noted above.

The opening remarks on behalf of the chautauqua management were by Edward C. Pearce, who felicitated the community on the support and enthusiasm of the community, and these spirited remarks were enlarged upon during the week by word from a group of Carrollton citizens that they appreciate the increasing importance of the White Hall Chautauqua as affording Greene county the leading chautauqua enterprise of Western Illinois, and the still further announcement on Friday night by Chairman Ewert that the number of guarantors' tickets for 1923 has far exceeded the limit of 1,500.

Friday was Army Day, and the American Legion was in charge. The Rainbow Division Band gave concerts afternoon and evening. The fish fry conducted by the Legion showed total receipts of \$350.00, netting the local post \$150.00. The appearance of Gov. Allen of Kansas is believed to have scored an attendance equal to that of Army Day, as his audience is said to have been 5,000.

Gregory Park is becoming better every year for the purposes of the chautauqua. Further improvements are anticipated for next year in the way of entrances with the building of the state hard road and the rebuilding of the bridge across Seminary creek to lay more directly north and south. W. S. Corsa has ceded all necessary land at this point for the purpose of the state road construction program.

ASBURY

About sixty-five relatives and friends attended the Lashmet family reunion held at Nichols park last Sunday.

Mr. and Mrs. A. E. Hembrough and son Roy and daughter Edith left Monday in their Dort car for their home in Bronson, Kansas, after a pleasant visit with relatives and friends in this community.

Mrs. William Megginson and daughters Geneva and Corrine of Galesburg spent Wednesday with Mr. and Mrs. Joseph Megginson.

Mr. and Mrs. Carl Hembrough and Mr. and Mrs. E. R. Hembrough and family and Mrs. E. J. Reynolds and daughters Mildred and Virginia and Misses Alma and Inez Winter attended the Methodist picnic in Jacksonville Friday.

Miss Anella Megginson of Prentice spent last week with her grand parents, Mr. and Mrs. Frank Hembrough.

Misses Alma and Inez Winter, south of Jacksonville were week end guests of Mr. and Mrs. Carl Hembrough. While here they also visited Misses Hazel Becker and Mary Hembrough.

Mrs. William Megginson and

daughters Geneva and Corrine of Galesburg were Thursday guests of Mrs. George Hembrough.

Mr. and Mrs. George McKean and son William attended the White Hall chautauqua last Sunday.

Mr. and Mrs. C. L. Hembrough attended the Chapin Horse Show Thursday.

Miss Hazel Becker spent Sunday with friends in Meredosia.

Mr. and Mrs. G. W. Hembrough and daughter Marie spent Sunday evening with Mr. and Mrs. C. O. Winter.

Mrs. Carl Hembrough and Mrs. George Hembrough were Saturday guests of Mrs. Frank Hembrough.

Mr. and Mrs. Hugh Vorhees and family spent Sunday at the home of Mr. and Mrs. E. N. Craig.

Earl Spradlin was down to the city from Sinclair yesterday.

WHY ARE SOME WOMEN POPULAR

happy, beloved and successful, while others drag out a negative existence of no use to themselves or anyone else? Except in a few cases the answer is to be found in a state of freedom from the troubles known as "female." The well woman radiates cheerfulness and serenity, while the ailing one repels because of her lack of these qualities. It is not necessary, however, to harbor aches and pains, and the "blues" that make one a detriment to society. The use of Lydia E. Pinkham's Vegetable Compound has brought relief to such women, and given them a new lease on life. (adv.)
